Product Description

Echo LM-2116SP 21" Self-Propelled Gas Lawn Mower

SKU/Model: LM2116SP

The **Echo LM-2116SP** is a high-performance 21-inch self-propelled lawn mower designed for large residential lawns. Featuring a 163cc Briggs & Stratton engine and a 3-in-1 cutting system, this mower offers the flexibility to mulch, bag, or side-discharge. The self-propelled drive system ensures effortless mowing on hills and uneven terrain.

Key Features & Benefits

- **3-in-1 Versatility:** Choose between mulching, rear bagging, or side discharge for your grass clippings.
 - **Variable Speed:** Rear-wheel drive system adjusts to your walking pace for optimal control.
 - **Heavy-Duty Deck:** 21-inch steel deck provides maximum durability and superior cutting airflow.
 - **Single Lever Height:** Easily adjust the cutting height of all four wheels simultaneously.
-
