### Product Description

#### Echo LM-3022SP 30" Wide-Cut Self-Propelled Mower

SKU/Model: LM3022SP

The **Echo LM-3022SP** is a professional-grade 30-inch wide-cut mower designed to reduce mowing time by up to 40%. Powered by a commercial-grade engine, this self-propelled machine is perfect for large properties and landscaping crews who need the efficiency of a zero-turn in a walk-behind format.

#### Key Features & Benefits

- **30-Inch Cutting Deck:** Extra-wide deck covers more ground in fewer passes.
  - **Dual-Blade System:** Two blades provide a finer mulch and superior bagging performance.
  - **Commercial Engine:** High-torque engine built for all-day use and long-term reliability.
  - **Space-Saving:** Vertical storage capability reduces the mower's footprint in your garage or trailer.
-
