Product Description

Echo MS-2310H 2-Gallon Handheld Sprayer

SKU/Model: MS-2310H

The **Echo MS-2310H Handheld Sprayer** is a lightweight, 2-gallon capacity sprayer designed for applying fertilizers, herbicides, and pesticides. Featuring a high-pressure pump and a durable wand, it provides a consistent spray pattern for localized garden care and weed control.

Key Features & Benefits

- **High-Pressure Pump:** Requires fewer pumps to achieve and maintain spraying pressure.
 - **Professional Wand:** Stainless steel wand for chemical resistance and long-lasting durability.
 - **Ergonomic Handle:** Large pump handle for easy pressurization even while wearing gloves.
 - **Stability Base:** Extra-wide base prevents the sprayer from tipping over during filling.
-
