Product Description

Echo MS-4010BPD 4-Gallon Diaphragm Backpack Sprayer

SKU/Model: MS-4010BPD

The **Echo MS-4010BPD Backpack Sprayer** is engineered for professional use with its 4-gallon tank and diaphragm pump. The diaphragm pump is specifically designed to handle wettable powders, bleaches, and abrasive chemicals that would damage standard piston pumps, making it the ideal choice for versatile chemical application.

Key Features & Benefits

- **Diaphragm Pump:** Durable design that handles various chemical types and prevents internal clogging.
 - **Padded Straps:** Heavy-duty, adjustable shoulder straps and back pad for all-day comfort.
 - **Large Opening:** 5.5-inch wide mouth tank for easy filling and cleaning.
 - **Multi-Nozzle System:** Includes adjustable, flat fan, and hollow cone nozzles for different spray requirements.
-
