Product Description

Echo PAS-225 Pro Attachment Series™ Power Head

SKU/Model: PAS225

The **Echo PAS-225** is the ultimate versatile power head for the Pro Attachment Series™. Powered by a 21.2cc professional-grade engine, it allows you to switch between over a dozen different commercial attachments. This "one-engine-fits-all" system saves space, reduces maintenance, and provides professional performance for any outdoor task.

Key Features & Benefits

- **21.2cc i-30™ Starting System:** Professional engine technology that reduces pulling effort by 30% for effortless starts.
 - **Tool-less Coupler:** Heavy-duty coupler makes switching between trimmers, blowers, and edgers fast and easy.
 - **Versatile Compatibility:** Works with more than 15 different PAS attachments to handle any landscaping job.
 - **Ergonomic Controls:** Cushioned front handle and vibration-reduction systems ensure operator comfort.
-
