### Product Description

#### Echo PB-2520 Professional Handheld Leaf Blower

SKU/Model: PB2520

The **Echo PB-2520** is a best-in-class handheld blower that combines a lightweight design with professional-grade air productivity. Its 25.4cc engine generates 453 CFM at 170 MPH, making short work of leaves, grass clippings, and debris. The unique S-pipe design reduces "gyro effect," keeping the blower stable in the user's hand.

#### Key Features & Benefits

- **Double-Grid Intake:** Innovative intake design reduces clogging from leaves and prevents power loss.
  - **Rotational Control:** S-pipe design aligns the air stream with the handle to reduce wrist fatigue.
  - **Tool-less Air Filter:** Easy-access filter cover for quick maintenance during busy work seasons.
  - **Variable Speed Throttle:** Features a cruise control lock for consistent airflow without holding the trigger.
-
