Product Description

Echo RB-85 Pro Turf 85 lb. Broadcast Spreader

SKU/Model: RB-85

The **Echo RB-85** is a professional broadcast spreader built for precision and durability. With an 85 lb. hopper capacity and a heavy-duty steel frame, it is designed to handle fertilizers, herbicides, and grass seed over large areas. The large 13-inch pneumatic tires ensure a smooth ride over uneven turf while providing excellent traction.

Key Features & Benefits

- **85 lb. Capacity:** Large hopper reduces refill frequency and features a tapered design for consistent material flow.
 - **Heavy-Duty Steel Frame:** Powder-coated steel construction provides a solid foundation and resists chemical corrosion.
 - **Precision Calibration:** Easy-to-use control setting ensures accurate application rates for various materials.
 - **All-Terrain Tires:** 13-inch pneumatic wheels navigate bumps and hills with minimal effort.
-
