Product Description

Echo RB-85S Stainless Steel 85 lb. Broadcast Spreader

SKU/Model: RB-85S

The **Echo RB-85S** takes professional spreading to the next level with a full stainless steel frame. This spreader is specifically engineered for professionals who demand a tool that can withstand highly corrosive chemicals and fertilizers. It combines the massive 85 lb. capacity of the RB-85 with lifetime durability and extreme chemical resistance.

Key Features & Benefits

- **Stainless Steel Construction:** Premium grade stainless steel frame and hardware virtually eliminate rust and corrosion.
 - **Enclosed Gearbox:** Heavy-duty commercial gears are protected from the elements for smooth, long-term operation.
 - **Side Deflector Kit:** Includes a manual side-spread control to keep chemicals off sidewalks and flower beds.
 - **Hopper Cover Included:** Comes with a weather-resistant cover to keep your spreading material dry during operation.
-
